CUT SPENDING! California recalled the Governor three years ago when he proposed a \$96,000,000,000 budget. Now it's \$131,000,000,000 plus \$43,000,000,000 in bonds on the November ballot. NO BENEFITS FOR ILLEGAL IMMIGRANTS. Giving free healthcare and education to illegal immigrants encourages more illegal immigration. California cannot afford it. END GRIDLOCK. Spend gasoline taxes and vehicle license fees on building more lanes and allow the construction of private toll roads for commercial trucks. Art Olivier cut taxes and improved services as Mayor and will do it again as our next Governor!

You've heard the expression, "I would have to write a book." Well, I did. It's called: "California: Under Corporate Rule." Corporations control our electoral system, want to privatize our schools, name our sports fields, control our media, destroy our ecology, and promote wars of plunder. Most profitable corporations pay no state taxes in California. Ninety percent of our people on average have received no increase in inflation adjusted pay in 35 years and our real minimum wage has dropped dramatically while our economy more than doubled and corporate profits soared. My web site shows how a FAIR TAX can raise an additional \$25 billion for our budget, allowing us to dramatically increase education funding, begin a massive move to alternative energy, and modernize our infrastructure, while reducing most people's taxes. Immigrants actually help create jobs. Marriage must be an option for everyone. The death penalty, three strikes, and racial profiling must end. Our outdated, exclusionary, winner-take-all money-controlled electoral system has been universally rejected. We need public funding, proportional representation, and ranked choice voting, where people feel free to vote for the candidates they support and can hear all points of view. Please visit votecamejo.com to help us plan and execute these ground-breaking opportunities for positive change in California. Thank you for your support.

The war against patients and their physicians must stop. Medical cannabis has been legal for ten years, but the authorities continue to arrest caregivers, patients, and doctors. This is a waste of time, human resources, and taxpayers' money. My Marijuana Peace Plan has been in operation for nine years in Marin County. This program has removed many illegal drug dealers from our streets, protected patients, and improved the quality of the medicine. A generation ago, California was a land of opportunity with low taxes, plentiful jobs, affordable housing, cheap electricity, and abundant clean water. Our children were secure in their homes and our families were secure in their property. We enjoyed the finest highway system in the world and the finest school system in the country. The only thing that has changed between then and now is bad public policy—and together we can fix that. During the recall election, I offered a comprehensive plan to restore California's quality of life, and I will tenaciously pursue these reforms as Lt. Governor. For 25 years I have fought to roll back the taxes that are crushing our families, to rein in the bureaucracies that are wasting our money, to reduce the regulations that are destroying our economy, to oppose the illegal immigration that is overwhelming our services, and to restore our long-neglected public works. I began the movement to abolish California's car tax that now saves an average family \$490 in annual DMV fees. I am spearheading the effort to stop government from seizing one citizen's property for the private gain of another. And, I continue to battle waste and fraud in Republican and Democratic administrations. Together, we can restore to our children the Golden State that our parents gave to us. Please visit my Web site at www.HelpTom.com to see my proposals and to help this grassroots campaign for California's future.

It's time we use the Lieutenant Governor's office as a forceful advocate for children, hardworking families, and retired Californians. That's my approach as Insurance Commissioner—protecting consumers, punishing fraud, and delivering results: *Over \$1 billion in insurance rebates—\$22 billion in auto insurance savings—\$24 million in additional homeowner benefits to fire victims—\$46 million in insurance company fines.* As Lieutenant Governor I will be the same powerful advocate—working for you to fully fund schools, helping small businesses thrive in the world marketplace, fighting to provide every Californian quality healthcare that values people before profits, and protecting women's rights. As a University of California Regent and State University Trustee, I'll be the *guardian of higher education*—promoting excellence in education, fostering research, and creating innovation. On the State Lands Commission, I'll take the same approach I used as President Clinton's Deputy Interior Secretary—*protecting California's magnificent coast, parks, and natural resources.* I'll address climate change by promoting conservation and alternative fuels. I oppose more oil drilling off our coasts and oppose excessive oil company profits. I'll fight to stop corporate polluters. I'll work with the Governor and Legislature to accomplish these goals. *California's teachers, police, firefighters, Senator Feinstein, and Al Gore share my vision and respect my independence. They endorse my candidacy.* I stand by my record as Insurance Commissioner, Deputy Interior Secretary, State Senator, Academic All-American at U.C. Berkeley, Harvard MBA, Peace Corps Volunteer, husband, and father. *I respectfully request your vote. www.garamendi.org*

California must never be like Florida or Ohio. Election results must be free from doubts about fraud and manipulation. As Chairwoman of the Senate Elections Committee, I'm fighting to *make sure your vote is counted accurately and to end the domination of big money on elections*. Your Secretary of State must bring integrity back to the electoral process. I fought to require a paper trail for electronic voting machines and to outlaw campaign contributions from voting machine manufacturers. Since my first day in public office, *I've refused to accept gifts* as an elected official, and I've pressed to limit the influence of special interest money. I've written bills requiring clear disclosure about who is paying to put initiative petitions on the ballot. I wrote the first proposal to allow voters to get vote-by-mail ballots automatically. I'm working to expand the Safe at Home program in the Secretary of State's office, which allows victims of domestic violence to keep their abusers from knowing where they live. *I'm a fighter for consumer protection, privacy rights, open government, and choice*. I led the nation by authoring a landmark measure to prevent your Social Security number from misuse and to protect you from identity theft. Senators Barbara Boxer and Dianne Feinstein, the National Organization for Women-California, California Nurses Association, California Federation of Teachers, and the Sierra Club have joined together to support me. In 2005, I was nominated to be Secretary of State by the Governor and unanimously confirmed by every Democrat and Republican in the Legislature. I have brought nonpartisanship to the Office, restored confidence in our elections process, and overseen two successful statewide elections. My most important mission is to preserve our basic freedom—the right to vote. When I became Secretary of State, the Office was in political, economic, and structural disarray. California was unprepared to comply with new federal voting requirements. I've worked tirelessly to bring integrity to the Office. I traveled to each of California's 58 counties and met with every elections official to effectively administer elections. Within weeks, I restored \$169 million in federal elections funds that had been frozen for nine months. California now leads the nation in modernizing voting technology with a voter registration database that reduces the potential for fraud. I've fought for campaign finance reform and support immediate public Internet disclosure of campaign contributions. To make the Office more efficient and responsive, we encourage people to do business online rather than in line. I have worked to improve California's international trade opportunities so California remains the 6th largest economy in the world. My positive record speaks for itself. I'm proud to be supported by the California Teachers Association, California Sheriffs Association, California Women's Leadership Association, California Small Business Association, California Farm Bureau, and a bipartisan group of elected officials. The politicians are arguing about raising taxes, but I'm going to tell you the secret they don't want you to know. If we cut the waste, fraud, and corruption out of the bureaucracy—and required those applying for state programs to provide proof of citizenship—we could balance our budget, fix our roads, protect our neighborhoods, and pay our teachers what they deserve, without raising taxes. As your Controller, I'll audit the bloated LA Unified School District, and I'll see to it that students are learning to read, write, and speak English. Am I willing to fight for you? Absolutely. During the energy crisis, when the politicians were afraid to rock the boat, I sued Gray Davis over his secret contracts with the energy companies—and won. I've led the battle to eliminate the double taxation on gasoline. And when others were going along with multi-billion dollar budget deficits, I led the fight to restore accountability and common sense. I am endorsed by California's major taxpayer organizations because they know that I won't back down when your tax dollars are at stake. Waste hurts us all. It robs our classrooms, shortchanges our teachers, and leaves us all stranded in traffic. As your Controller, I'll take on the bureaucracy in every area of government, from welfare to the DMV to our public health system. You work hard for your money, and you have a right to have your tax dollars spent honestly. You can help by visiting www.TonyStrickland.com.

I now see more hope for California than I have for a long time. I see many people fed up and turning to positive action. As my contribution, I would like to serve as your State Controller. The Controller is the state's bookkeeper, the one who reports to the citizens who elected her exactly how their money is being managed. My over 20 years in financial systems—investments, pension funds, union dues accounting, real estate loans—prepare me for the job. My lifelong commitment to saner ways of living prepares me to ensure that California's budget is in line with California's values. Imagine a Controller who understands that a great environment and great economy work together, not in opposition. A Green Controller understands that crime prevention not only keeps the public safer than ever-expanding prisons, it also saves money we can use toward regaining our world-class educational system. In healthcare we can shift from exorbitant administrative costs, and worse and worse healthcare for fewer people, to healthcare for all at less cost. I support electoral reform, including ranked choice voting (instant runoff), to open up our elections, improve our democracy, and lower costs. For details of why I have hope, please see my website www.laurawells.org. This year, join the momentum toward real change.

California needs a Controller to slam shut corporate tax loopholes and insist that the oil and insurance companies pay their fair share. California needs a Controller to simplify taxes for middle class families and make it easy to calculate and pay taxes online. California needs a Controller to ensure our schools have the resources to prepare our children for a more competitive world. That's why I am running for State Controller. For 20 years I have fought for fair state tax and sound fiscal policies. After graduating with a degree in Finance and then a Law Degree from Georgetown, I worked as a policy advisor to the California State Controller's office. As a member and chair of the Board of Equalization and the State Franchise Tax Board I am a strong voice for taxpaying families and small businesses. I use my tax policy expertise to stand up to corporate lawyers and demand an end to special interest tax giveaways. I know how to audit and expose wasteful government spending to ensure our tax money is spent on vital services. *The San Francisco Chronicle* said that my experience gives me "a solid foundation to become what is essentially the state's chief financial officer." *The Sacramento Bee* called me "one of the finest young prospects the Democratic Party has produced in recent years." State bond interest payments are consuming an ever increasing portion of the state's budget. This puts pressure on the Legislature to increase all state taxes. Any increase in Corporate, personal income taxes, or sales taxes will cause a stall in the California economy and undoubtedly cause businesses to leave the State. The State is already too deep in debt! First, the State Treasurer must go before the Legislature to oppose all but the most vital or cost effective bond issues! Second, having held NASD Security licenses has given me an understanding of the financial markets. We need to eliminate dealing with the "Middle Men" from "Wall Street" that receive hundreds of millions of dollars in underwriting fees and instead have our bonds underwritten by allocation to California-based brokerage firms. Not only will the state save hundreds of millions of dollars, California will receive taxes from those California-based firms. Third, the Treasurer's office needs to be accessible to the public and run in a cost-effective, efficient manner. Here's why. For California Citizens, State Bonds are exempt from Federal and State personal income taxes; however, these bonds are not available to the average California citizen because brokerage firms do not offer them in amounts of less than \$10,000. I will institute a small investor program so that Californians with as little as \$100 can invest in these tax-exempt bonds. I seek your vote and have been endorsed by the Howard Jarvis Taxpayer Organization and many leading state legislators.

Corporate money should not buy political influence, so I don't take contributions from big business! We should protect our State pensions and invest our tax dollars to fund better schools, universal healthcare, more affordable housing, community development, and clean energy programs. We should forgive student loans so education becomes a benefit and not a burden. Banks that hold California's money should stop predatory and environmentally destructive lending, and we should move our State's investments into community development banks and credit unions that support local economies. We can balance California's budget immediately if the top 1% of earners pay the same local and state tax rates as the poorest citizens in California. We must implement a fair policy of legalization for undocumented workers and ensure that all workers are paid a fair minimum wage, with inflation protection.—I believe our competitiveness in the world economy and ability to foster peace globally depends on our ability to chart a *new course*. Most Californians prefer life imprisonment without parole to the death penalty. Most Californians oppose lengthy prison sentences for nonviolent offenders. Most Californians agree that the War on Drugs has been a complete failure. Most Californians think that their police have better things to do than arrest the terminally ill for using medical marijuana. Most Californians don't believe they should be spied upon by their own government. Most Californians want equal rights for immigrants, including the right to live and work here in America in peace. *I agree with them.* We need to put the justice back in the justice system. Insurance company profits soar, but millions don't have health care or real protection against accident and disaster. While insurance companies pour money into "tort reform" schemes to deprive ordinary people of legal assistance, they spend billions on their own lawyers to evade paying claims. The bipartisan "reforms" of workers' compensation let insurance companies endlessly delay needed medical treatment for injured workers by second-guessing doctors and pharmacists. They make more in profits on workers' compensation than they pay for medical care. I advocate putting human need before insurance company profits. Let's publicly fund and manage *a single system of quality health care for all, a state basic auto liability plan, and a single workers' compensation fund*—all without insurance company profits, lawyers, or red tape. California is a terrific place to live, but we need leaders who are not afraid to stand up and fight for the rights of taxpayers. As a Member of the State Board of Equalization—the only elected office in America with the job of protecting the rights of taxpayers—I have worked hard to hold government accountable. The State Board of Equalization is an independently elected tax panel that makes the final decision in disputes between taxpayers and government bureaucrats. Taxpayers deserve to have an advocate fighting for their interests—and that is what I have done as a Member of the State Board of Equalization. Illegal immigrants are among those who do not pay their fair share of taxes yet get their full share of government benefits. Not enough is being done to make sure that illegal aliens pay all the taxes they owe. It is not fair that law-abiding California families and business owners have to pay all their taxes and still get hit by government investigators when they are trying to comply with California's complex and excessive tax laws while illegal immigration laws go unenforced. We can do better. Please visit my website (www.billleonard.org) to learn more about the State Board of Equalization and my record as an advocate for taxpayers. I will continue to do all I can to make sure government is held accountable for how it spends your hard-earned tax dollars. I would be honored to have your vote on November 7th.

As a fiscal conservative, I have been proud to serve as Chief Deputy to our current Member of the Board of Equalization. Now that the incumbent is retiring, it is vital that taxpayers have another fiscal watchdog to take his place. I will work to simplify tax rules so that businesses and individuals will not be constantly victimized by a bureaucracy that frequently oversteps its authority. As a rock-solid fiscal conservative, I will be the Taxpayer's Advocate against the bureaucracy. And, believe me, we need voices to speak out and defend taxpayers! I have witnessed firsthand how the taxing agencies assume taxpayers are guilty until proven innocent. And, I believe that approach is un-American. My philosophy is that every hearing should begin with the presumption that the taxpayer is innocent. As a businesswoman, wife, and mother, I know how tough it can be to make ends meet. I believe the hardworking families of California deserve an Advocate who will stand with them against abusive government bureaucracies. As a board member of the California World Trade Commission, I also became convinced that our high California taxes are harming our competitiveness in the world economy. I am an experienced, fiscally conservative professional who will not need on-the-job training, because I've already been on the job defending taxpayers. I would be honored to have your support. Hi, I'm Glen Forsch. I am running for the Board of Equalization, Fourth District. I know how difficult it is to earn a living and pay our bills in California. I know it's a great RESPONSIBILITY TO COLLECT THE TAXPAYER'S MONEY. I join all REPUBLICANS, DEMOCRATS, INDEPENDENTS, AND ALL OTHER PARTIES, who want California TAXPAYERS and BUSINESSES to be Treated Fairly. I will do what it takes to get rid of the INHERITANCE TAX. I do not want the State Government to Tax and Take Your Inheritance. I will not stand by and let you, your parents, or your children be TAXED INTO POVERTY. Gather your Family, Friends, and Neighbors to VOTE FOR GLEN FORSCH.
